

It has been a strange term without the normal enjoyment of inter-school fixtures. However, there have been lots of additional sporting challenges taking place, including House events and adapted versions of Monopoly and Scrabble! Please note the changes in sports for Games lessons and the change in sports kit for the New Year. Have a Merry Christmas!

60 Second Challenge

Pupils in Middle and Senior School took part in a number of 60second challenges in PE. These challenges were part of the Youth Sport Trust commitment to getting children active during the pandemic. They were a fantastic way to be active and challenged.

Monopoly & Scrabble Fitness!

In an effort to be creative and to bring an exciting change to traditional boards games, pupils in Middle and Senior School were able to play adapted versions of Monopoly and Scrabble. Adapting the rules of each game allowed the pupils to engage in high intensity exercise.

London Mini Marathon

The annual London Mini Marathon that takes place on the same weekend as the full 26-mile event was cancelled. However, undeterred, the race sponsor set the challenge of running 2.6 miles in a week. There were fantastic performances from all of the children who took part. Well done to everyone.

London Youth Games Virtual Challenges

The London Youth Games are one of the largest sporting events for Under 18's in Europe and they involve all of the boroughs of London. As part of this years event, Middle and Senior pupils have represented Redbridge in a number of virtual challenges. Year 6, 7 and 8 ran a cross country race sponsored by Nike, whilst Year 5 competed in a hockey speed dribbling competition. All of the times have been entered and currently Redbridge are in fifth place.

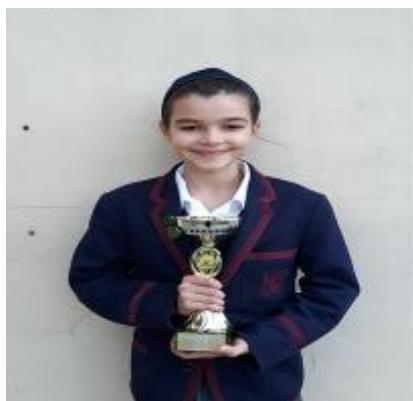

Independent Association of Prep Schools Virtual Sporting Championships

As part of the IAPS Virtual Sports Championships pupils in Middle and Senior school took part in a number of challenges. The challenges included a crossbar challenge in football in which we came 3rd out of 23 schools, a shooting challenge in hockey and a catching and clapping challenge in basketball for which we posted the highest score.

House Sport

Pupils from Years 3 to 8 have taken part in a variety of House Sports events including cricket, badminton, basketball, football, handball and netball. The level of enthusiasm has been fantastic as has the sportsmanship between the houses. Congratulations to Hayton and York who are leading the Middle and Senior School competitions respectively.

Guess Who?

Sporting Success

A number of our pupils have continued their sporting involvement with representative teams.

Ex-pupil Ryley Scott has recently signed for Portuguese Division 1 side SC Farense and we wish him well.
